MAYOR WILLIAM VENESS OPENS SUCCESSFUL FAIR AT ST. ALBERT

ST. ALBERT — The second St. Albert community fair took place in the community hall, Wednesday, August 13. A splendid display of flowers, vegetables, handicrafts, hobbies and delicious home baking pleased the large crowd of visitors. Mayor Wm. Veness opened the fair and gave credit to the Women's Institute for their organization and support of this event.

Annual Pilgrimage Great Success

ST. ALBERT — If we may judge by the number of pilgrims present at the annual pilgrimage to Our Lady of Lourdes held last Sunday in St. Albert, it was no doubt one of the greatest successes. We hope that the recommendations given in the name of our Heavenly Mother will bear good fruits.

Rev. Sister Thérèse, Superior at the Sacred Heart Convent here for the past 3 years, left St. Albert last Saturday. She is replaced by a newcomer in the name of Sister Annette Desilets, formerly of Montreal. She was accompanied here by the Provincial of the House of St. Albert. We extend to her our most cordial welcome, and also to Sister Armstrong and Sister Plé, who replaces Sister Leduc and Sister Roule, and also to two new teachers for the coming term, Sister Laforce and Sister Potvin.

Last week, visiting the rectory and the church, were Sisters from the Misericordia Hospital of Edmonton, and also the Rev. P. J. O'Reilly, teacher of St. Joseph's Seminary in Edmonton. Also here visiting his parents on the weekend was Joseph Albert Henry Stack, with his beloved wife, Kathleen Smith, whom he married recently, and who is from Toronto, Ontario. Also here visiting the J. R. St. Martin family was Mr. and Mrs. Norman Schultz from Camrose.

Three babies were baptized last Sunday afternoon at Joe's Dechamplain, daughter of Mr. and Mrs. Ernest Dechamplain; Louise Leila Kathleen Schultz, daughter of Mr. and Mrs. Norman Schultz of Camrose; and Guy Jacques Joseph Charrois, son of Mr. and Mrs. Leo Charrois. Congratulations to the happy parents.

The second game of the semifinal of the baseball league was held in Picardville last Sunday afternoon, and the Legal team won another victory, giving the team a title to the finals against the Vimy team. The first game to be played next Sunday on the occasion of the parochial picnic.

The town of Legal is still witnessing improvements. Last Monday morning the main street was leveled again and trucks are on the job hauling the gravel for the main street, and the school and church street.

Women's Institute Meeting

ST. ALBERT — The next regular meeting of the St. Albert Women's Institute will be held in the public library on Tuesday, August 26, at 8:30 p.m. Report on the community fair will be given. Suggestions for the fall program will be welcomed.

The Russians surprised a lot of people at the summer Olympics.

Many prizes in cash and merchandise were distributed to the winners of various classes.

The silver cup donated by the St. Albert Produce Co. goes this year to Mrs. Tom Barry, who had an aggregate score of 42 points. Mrs. W. Boyce and Mrs. M. Osadchuk were runners-up. The girls' high aggregate was tied by Melba McDonald and Margaret Maloney. The boys' aggregate was won by Billy Sinclair.

The judges were Miss Grace Duggan and Mr. G. Knowles of the university staff.

The Women's Institute wishes to thank all friends who exhibited and helped to make this fair a happy success. The generous donations of cash and merchandise from business firms of St. Albert and interested supporters are hereby gratefully acknowledged.

Lists of prize winners follow:

GARDEN COMPETITIONS:

I. Town Garden and Landscape
1. Mr. and Mrs. A. Gaudin; 2. Miss M. Wolmiewicz and Mrs. Chevalier; 3. Mr. and Mrs. G. Rabouin.

II Vegetable Gardens

1. Mr. and Mrs. M. Osadchuk; 2. Mr. and Mrs. J. Houtman; 3. Mr. and Mrs. R. Bonnevillie.

III Farm, Garden and Landscape

1. Mrs. F. Turnbull; 2. Mr. and Mrs. J. Sharpe; 3. Mr. and Mrs. A. Gervais and Mr. and Mrs. J. Rouault (tied).

White Sweet Peas

1. Mrs. R. Bonnevillie; 2. Mrs. C. Dixon; 3. Mrs. Warren.

Pink Sweet Peas

1. Mrs. C. Dixon; 2. Mrs. T. Barry; 3. Mrs. R. Bonnevillie.

Mauve Sweet Peas

Mrs. R. Bonnevillie; Mrs. Bud LeClair; Mrs. C. Dixon.

Sweet Peas

For Table Arrangement

1. Mrs. Bud LeClair; 2. Mrs. A. Gaudin; 3. Miss M. Maloney.

Three Stems Light Gladioli

1. Mrs. W. Boyce; 2. Mrs. J. Sharpe; 3. Mrs. P. Morin.

Three Stems Medium Gladioli

1. Mrs. J. Sharpe.

Three Stems Dark Gladioli

1. Mrs. J. Sharpe.

Best Bouquet of Gladioli

1. Mrs. J. Sharpe; 2. Mrs. C. Dixon.

Three Light Asters

1. Mrs. C. Dixon; 2. Mrs. R. Bonnevillie; 3. Mrs. E. A. Atkinson.

Three Medium Asters

1. Mrs. C. Dixon.

Three Dark Asters

1. Mrs. W. Herron; 2. Mrs. C. Dixon.

Single Dahlias

1. Mrs. W. Herron; Mrs. W. Sinclair.

Three Giant Dahlias

1 and 2. Mrs. R. Bonnevillie; 3. Mrs. C. Bakenfohr.

MR. PAUL PISKUNOWICZ, Burtonsville, holds his prize winning self-portrait painting.—Photo by Heath-King.

Farmer Wins First Prize With Painting Of Self Portrait

BURTONSVILLE — Paul Piskunowicz, a Burtonsville farmer for the past 10 years, won first prize at the 1952 Edmonton Exhibition with a self portrait painting.

Mr. Piskunowicz, the father of two boys, ages 11 and 3, has never had an art lesson but has painted as a hobby for many years. He said, "I could paint before I could write my name and started painting long before I started school". He also does a little painting in oil.

Being an ardent farmer, he finds little time to devote to his artistic talents but, during the winter months when the weather is stormy, he takes up his studying.

Morinville Lions Club Ready For Corn Roast and Picnic

MORINVILLE — The Morinville Lions Club's major activity is the Annual Corn Roast and Picnic which is to be held on Sunday, August 24th, at Sandy Lake Beach.

Everyone is invited to attend and enjoy the affair which promises to be bigger and better than ever. The club has spared no effort in getting this event into shape so that everything will be in readiness for the big day.

On Wednesday, Aug. 29, everyone who was able to, went out to the beach and got the grounds ready to insure a good start to a good day.

Those on the various committees are as follows:

Baseball: Allan Mills, John Stevens.

Blind: Fred Martel, Nap Don.

Clash: Hymie Klein, Oscar Behiels.

Craig: Gates: Paul Hermantuz, Edgar Ellett, Gerry St. Germain, Herb Sandora.

Gates: Walter Ellett, Frank Bremles, Tom McKirdy.

Horsehoes: Ed Borle, Fred Slette.

Hot Dogs: Pete Ghaault, Mole Cymean, Raymond MacDonald, Geo. Soetaert.

Refreshment: Booth: Bill Pemp.

Lot: Louis Chailoux, Clem L.

vallee, Jim MacDonald, Buster St.

Laurent.

Corn Booth: Wilfred Labonte,

Jeffre Kremer, Gerry Desnoyers,

Art Soetaert.

Parking: Ed Meunier, Doug

Fraser.

Milk Bottle Game: Ed Weigand,

Mattie Heitinger.

Children's Games: Tommy Logan,

Henry Paepke, Paul Hermantuz,

Mortie Milner.

Fun is in store for the young

and the old, small ones and big

ones all the day long and the corn

roast will satisfy all, so let's see

you there on Sunday.

Carbondale Man Killed In Highway Collision

MORINVILLE — John Babluk, a coal miner, is dead from the result of a collision with another car near Morinville, last Sunday.

According to police, Babluk was alone in his car and driving north when he was in collision with another vehicle proceeding west. The impact turned Babluk's car over in the ditch and it is believed he died instantly.

Driver of the other car was Earl Carrothers and other members of the family were passengers. They were taken to the Royal Alex. hospital, where they were treated for minor injuries.

Babluk was a bachelor and was employed at the Riverdale coal mine. A half-brother, Bill Patrick of Calhoun, survives him.

Kostiw-Beizuk Pledge Vows

BUSBY — Nadie Beizuk and Pete Kostiw were married August 7, in the Orthodox Church. The bride was attended by three bridesmaids, Marie Ozpko, Lily Gordic and Sally Kostiw. The groom was attended by Joe Kostiw, Mike Maniuk and Jerry Beizuk.

Mr. and Mrs. H. Kostiw and Mr. and Mrs. W. Beizuk received the wedding guests following the ceremony. The couple were serenaded into the hall with strains of the wedding march. The toast was proposed by Father Chruszewska. The evening was spent dancing to Junior Rhythm Ramblers' music from Waucho.

The couple received a purse of \$400 and many lovely gifts. They will reside in Busby.

Alcomdale News Briefs

Mr. and Mrs. J. L. Mitchell are on a holiday in Jasper and are visiting their son, Bert and family at McBride.

Mrs. Wm. Elliott is in the Misericordia Hospital.

Visiting Mr. and Mrs. T. J. Harrington for a week was Mrs. H. Dressler, mother of Mrs. Harrington.

Mr. and Mrs. S. J. Whitson have returned from a holiday at Miette Hot Springs.

Donate Your Blood For The Red Cross

ST. ALBERT — A blood donor clinic will be held in the St. Albert community hall on Thursday, August 28 from 7 to 9 p.m. You are urgently requested to attend, as the need is great. Donors for the February last clinic may bring in their cards for blood typing. Age limits are 18 to 65 years.

This is your opportunity to respond and help. The St. Albert Women's Institute and the Lions Club will help with arrangements.

St. Albert News Items

ST. ALBERT First of the regular Civil Defence classes for the fall will meet in the community hall basement on Wednesday, August 27, at 8 p.m. If you haven't registered yet, leave your chance. Mrs. W. H. Herron will be in charge of the class for the fall.

EDITORIALS

Grain Congestion Ahead

Wheat harvesting has started in Manitoba and will spread westward as the season advances. With good weather conditions, a good start in wheat cutting will be made in southeastern Alberta in a couple of weeks' time.

For some time it has been quite apparent that this coming harvest season will witness one of the most serious congestions in grain handling that has been experienced since the war years. Insofar as the Wheat Board, elevator companies and railways are concerned, not a great deal can be done about the situation. The end of the United States steel strike has only aggravated conditions, for lake shipping will now go to ore carrying. Providing of farm storage seems to be the only course left open to grain producers.

Municipal, Provincial, Federal

The overwhelming majority with which the Social Credit Party has been returned to office in the Provincial Legislature leads us along two or three avenues of thought.

For one thing, several able mayors, Reeves and councillors who have held office in municipal government, ably and with the support of a majority of the people in their district, did not get the same support when they tried to gain office on the Provincial level of politics. Perhaps Albertans are more selective of personalities in local government while in the Provincial sphere they just vote the straight party ticket.

They are, of course, exceptions to this. Reeve Aloisio of the Municipal District of Athabasca was elected to the legislature as a Social Creditor. But, on the other hand, Reeve Evjen of Stony Plain and the Mayor of Morinville were each defeated in the Provincial election.

So often, too, it seems to us, the same electors who send a Liberal to Ottawa, elect a Social Creditor for the Legislature at Edmonton, meanwhile returning, year after year, Reeves and Councillors who are definitely Liberal or C.C.F. in party politics.

We, therefore, seem to operate on three standards of politics for three levels of government. It seems unfortunate that men who are qualified by years of public service in local politics are denied the privilege of "moving up" the scale.

The Whooping Crane

Two workers for the United States Fish and Wildlife Service recently announced, after a trip over the Arctic, they had discovered breeding grounds of the almost extinct whooping crane. Ornithologists have fought this hide-away in vain for more than 50 years.

The whooping crane is thought to be down to about 35 in number, and annually flies from the Arctic down to the Texas Coast. Bird lovers have long sought its breeding ground, so as to protect it from the inroads of hunters and other dangers, so that the birds may survive.

The two U.S. Field and Wildlife Service workers, who discovered the breeding ground, flying in an amphibious plane, brought their craft down to 100 feet over the birds and took photographs. There is little doubt that the two men have discovered the long-sought breeding ground of the bird that is said to be audible at a two-mile distance when he whoops.

Though some of us may not appreciate the significance of this scientific discovery, genuine bird-lovers and bird lovers were thrown into a tizzy by news of the last whooping crane development. That discovery probably means, among other things, that one of these days in the future you will hear the whoop of a whooping crane.

Bible Today

How beautiful upon the mountains are the feet of him that bringeth good tidings; that publisheth peace; that bringeth good tidings of good; that publisheth salvation.—Isaiah, 52:7.

Big Crop

Present prospects indicate a big wheat crop for Western Canada and possibly a record one. Early frosts or bad harvesting weather may prevent the realization of same, but present prospects appear excellent.

The biggest crop of wheat in Canada's history was produced in 1928, the total being 566,726,000 bushels, of which the prairie provinces produced 544,598,000 bushels.

In 1942 Canada produced 556,684,000 bushels, of which 529,000,000 came from the prairie provinces. The 1951 production of wheat was the second largest in the nation's history—562,395,000 bushels, of which total the prairie provinces produced 531 million.

The Prolonged Peace Negotiations

Latest efforts of the peace negotiators in the little village of Panmunjom have been unsuccessful. There had been optimism about a month ago when the Communists asked for secret meetings because in the past when the Communists were ready to make concessions they have asked for secret meetings. Open discussions are used by the Reds mainly for propaganda purposes.

The official summary of the secret meetings released by the United Nations makes it quite clear the conferees were still deadlocked over the issue involving the exchange of prisoners of war.

The United Nations with about 170,000 prisoners held the position that only those prisoners who desire to be returned should be returned to Communist territory. The Reds with about 12,000 prisoners demand that all prisoners be returned regardless of their wishes.

About the only new development was the indication by the Chinese delegation that if the 20,000 Chinese prisoners were returned, the Communists would be willing to forget about some of the North Korean prisoners. Major General William K. Harrison, Jr., senior Allied delegate, said no to this proposal.

General Harrison has about lost faith in the possibility of any settlement. In coming out of a recent meeting he exclaimed to newspaper correspondents that he was "fed up with the (Communists)" utter hypocrisy."

Exploring the Ocean Depths

In an article in the Scientific Monthly, Dr. K. O. Emery of the United States Geological Survey, discussed diving bells and the trend to the use of underwater cameras as being more efficient and safer.

Back in 1934, William Beebe and Otis Barton, in a diving bell called a bathysphere, descended to a depth of 3,000 feet to study the plants and fish that live there. Five years later Barton went down 1,500 feet further in his bathysphere to set what still remains as the record.

In 1941, Dr. Maurice Ewing demonstrated the possibilities of the camera by photographing the bottoms of the Atlantic and Pacific Oceans at depths up to 1,200 feet. Later he was able to make pictures 18,000 feet below.

The first multi-shot camera was invented in 1950 by Robert Dietz. Previously cameras had to be raised and reloaded after each exposure. At Bikini Atoll, the Navy used an underwater television transmitter.

Probably, the oldest of the underwater cameras, is the benthograph, devised by Maurice Nelles, Perry Stile, William Fortin and Capt. Allan Hancock. The benthograph is a globe 39 inches in diameter, equipped with a multi-shot camera and other instruments. Light from axonon flashlight is turned on and off every 30 to 60 seconds.

The benthograph is lowered from a boat by a winch. When bottom has been reached it is registered on a cable strain meter. The globe is then raised about 100 feet to wash the mud off the quartz-glass windows, and then the benthograph is ready to record the facts of life down under the depths.

NOTHING BUT THE TRUTH

Voice of the People

PEOPLE WE KNOW

I want you to know how much we appreciate reading the *Colorful License Plates* is the most interesting we get, because it has news about people we know. And it's always a pleasure to read about our friends and neighbors.

MRS. HERBERT L. THOMPSON, Brierville.

A PASTOR'S COMMENT

Several have congratulated you upon your editorials regarding Christian teaching and revival. I gladly join this group in expressing appreciation. However, I should like to state that "another Wesley" would not meet the need. All Christians live nearer to God—and become more and more Christ centered. This more than anything else will meet the need of this or any other age.

John Wesley was a great power for good in his day. The influence of his life still goes on—will never cease. Few people realize that Wesley worked for great social changes, as prison reform, abolition of slavery, etc. Wesley's sermons are very different from those of modern evangelists, in that they were on a high intellectual level, and were written in full before they were delivered.

John Wesley, great leader though he was, had serious shortcomings. His marriage was a complete failure. So much so that he did not live with his wife except for a few months. Moreover, Wesley had very foolish ideas in regard to ghosts, actually believing that graveyards and certain houses were haunted. It must also be noted that Wesley spent a great deal of time and energy in controversy, especially with the Calvinists. Today many of us feel that such controversies are a sinful waste of time.

Despite all this, Wesley was greatly used of God. Still, may I say that the great need of today is that all God's people may daily pray:

"Close to Thee, close to Thee, All along my pilgrim journey, Saviour, let me walk with Thee."

R. V. G. A. SAUDER, Pastor United Church, Wankarem, Alberta.

COLORFUL LICENSE PLATES

Recently, I have had an opportunity to observe some tourists' cars, and was pleased to see how decorative some license plates were. Some depicted the coat of arms or a descriptive phrase of their state or province.

Quoting some of these phrases. Saskatchewan, "The Wheat Province"; Kansas, "The 'Wheat State'"; Florida, "Sunshine State"; Maine, "Vacationland"; while Wyoming has a 'bucking horse, Quebec has a 'Fleur-de-lis, Prince Edward Island the coat of arms.

The most colorful and attractive was Yukon, N.W.T., which read "Land of the Midnight Sun" and showed an RCMP holding a hat representing the sun.

I say let Alberta decorate her license plates with a colorful oil derrick or a phrase such as "The Oil Province". We are proud of our province, so let's display our pride throughout other provinces and states.

Come on you Alberta motorists. Advertising our province in this manner will lure more tourists. It will also give us farmers a chance to stick out our chests, since we cannot boast about the price of our farm products. Minus our two front teeth, in twenty years we'll take a holiday and come back with a tankful of gas. "Like the little moron who travelled miles and miles to obtain cheaper gas and used it all up before he got back."

Heave Ho! and push together for colorful license plates for 1954.

"A CASUAL OBSERVER", Vilna.

FROM N.M. TO TEXAS

I've really enjoyed reading every issue of your paper since we've been "away down South" so far from Alberta. We have now moved from Carlsbad, New Mexico, to Fort Stockton, Texas. Please change our address on your mailing list as we don't want to miss a single copy.

THE LIGHTER SIDE

More Expense While Waiting
"The average rural teacher's salary is \$967 a year," said the man, "while the city teacher gets twice as much."

"Well," replied the woman, "it takes them twice as long to find a husband in town."

Why Not?
One of our waitresses, at the breakfast hour, served coffee and toast to a patron; 10 minutes later she breezed in with the orange juice. The customer complained of the sequence. "Are you married?" asked the waitress. "Yes," said the customer, "what that got to do with it?" "Well," says our dilemma, "why don't you have breakfast at home?"

Male Parents Are That Way
Why is it fathers laugh in glee at tricks their children do at three and spank them if they see a sign of such behavior when they're nine?

Life Is Like That
"Well, Mrs. Wags, did the election turn out the way you expected?"
"Oh, yes, I was afraid all the time it wouldn't go like I said it would. And it didn't."

Poor Diagnosis
During a fire in the night, the tenants of an apartment hotel rushed into the street carrying their most prized possessions. One woman noticed that the gentleman who lived directly above her was carrying a large, covered bird cage.

"What have you there?" she asked out of curiosity.
"That's my pet rooster," said the man.

The woman gasped and fainted. When she was revived she told her anxious neighbor, "I'm sorry I fainted, but you see, I've been under treatment by a psychiatrist for the past year because I kept hearing a rooster crowing!"

Wags We Can Do Without
The businessman was fast asleep in his hotel room when the phone rang. It rang for a full minute before he awakened. He picked up the receiver sleepily.

"Long distance calling?" an operator sang out. "Here is your party."

"Okay," yawned the businessman. "Hello!"

"What's that?" cried the voice at the other end.
"I said 'hello!'" The businessman paused.

"Well," he demanded, "what do you want?"
"Nothing," answered the voice, "absolutely nothing."

The other saw red.
"What?" he roared. "If you didn't want anything, why do you call me at three in the morning?"

"That's simple," replied the voice cheerily. "The night rate is cheaper!"

Dominion Govt. Sells Oil and Gas Rights On Crown Lands

The Department of Resources and Development announced today the successful tenderers and the bonuses bid for the purchase of petroleum and natural gas leases in the Province of Alberta in a competition which closed the 28th of July, 1952. These included the following:

Parcel No. 433—N.E. 7-47-18 With, 8 miles East of Camrose; successful tenderer, Fred A. King; bonus, \$1,600.00.

Parcel No. 434—N.W. 7-39-22 With, 4 miles South of Alix; successful tenderer, Federated Petroleum Ltd.; bonus \$21,777.07.

Parcel No. 440—N.W. 23-55-27 With, 9 miles Southwest of Morinville; successful tenderer, J. Zipperstein; bonus, \$168.00.

Parcel No. 441—S.W. 23-55-27 With, 9 miles Southwest of Morinville; successful tenderer, Dr. G. I. Todson; bonus, \$2,500.00.

WHAT'S IN THE NAME

By STEVE GUSHTA
Spedden Correspondent

This column, which is being presented weekly, has a two-fold purpose: first, to bring to the readers a word picture of the different Alberta hamlets, villages, towns and cities. Some of these names you are no doubt familiar with, others of which are obscure in your minds—that such so-named settlements exist. Secondly, the name origin of each hamlet, village, town, or city dealt with will be brought forth to better acquaint the reading public with these various place names of the oil province of Canada, Alberta.

VILNA
The Village of Vilna with a population of around 322, that was the figure taken from the 1946 census, and the present population is much higher, is situated principally in a farming district. Vilna was named after Vilna in Galicia, by settlers who came from there. The first homesteaders arrived in the Vilna district in 1918 and 1919. Mr. Z. W. Mikitka was one of the first settlers and is still living in the district. The first school was erected in 1920. In 1929 a hospital was built and Dr. W. W. Edie was the first resident doctor. The present doctor is Dr. P. W. Froh. Vilna was incorporated as a village in 1924.

Sixty-one miles east and 35 miles north of Edmonton, Vilna is constituted of the following: one modern hotel; one restaurant; five garages and service stations; one barber shop; a pool hall; two shoe repairs; one electrical contractor; one drug store; one lumber yard; two egg grading stations; one creamery; four implement dealers; a theatre; a modern school; five grain elevators and many other business places.

CHIN
A hamlet of unknown population, Chin is located some 18 miles east of Lethbridge in a ranching and farming region.

The hamlet was named after a hill, coulee, and village from the Blackfoot word, "mistakim," meaning "heard." This word described the chance of the hill when it was seen from a distance.

\$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each short saying printed. Its quality, items must be true, personal remarks of a child known to the writer. Address "Bright Sayings", P.O. Box 1566, South Edmonton.

Our 5-year-old niece was watching her uncle pumping water and asked him, "Uncle, why do you take water out of our well?" He replied: "Because I haven't enough water in my well for the cattle." The young lady was in pensive mood as she thought out loud. "There's lots in our well, isn't there uncle?" and after a moment of silence, "That's because we haven't lived as long as you, uncle."

Busby, Alta. J. E.

My six-year-old brother David rent his best home-made Christmas card to plain Ann instead of his glamor girl Christina, whom he had a crush on. When asked why he did this he replied: "Can't spell Christina."

GATE 1 DEPARTURES

King Penguins, a gift from Governor Miles Clifford of the Falkland Islands to Stanley Park Zoo, arrived in Vancouver recently via T.C.A. The birds, 12 in all, travelled 15,000 miles by whale-liner, steamer and air from South Georgia Island, southeast of the Falklands. On hand to meet the group are, from left, Park Commissioner Jack Moffitt, City Clerk Ron Thompson, Zoo Keeper Allan Best, and Mrs. Buda Brown.

Vacation School Is Successful

BUSBY — A very successful church vacation school was held here recently under the direction of Rev. I. James. Mrs. Roy Thompson was in charge of the primary department with the help of Miss Clare Atkins. Other teachers in other departments were: Miss I. Oldenburg, Miss S. Andersen, Miss N. M. Coomb, Miss P. Thompson and Miss S. Elliott.

The final gathering was held Friday evening for the parents and children. Each group displayed their handiwork and took part in the evening program, followed by a delicious lunch served by the older girls' group.

Some cutting of barley and wheat has been done and it's hoped cutting will be general within the next few days.

Members of the Echo Hill Institute were pleased when they entered their quilt in the Westlock Fair and took second prize. Mrs. McMillan showed some of her handiwork and took several prizes.

Miss S. Elliott spent a few days in Edmonton with her sister, Florence.

Mr. and Mrs. Rhodhouse of Eauxham, Saskatchewan, were guests at the home of Mr. and Mrs. W. Thompson.

Mr. and Mrs. G. Mack and Murray spent a few days visiting friends and relatives at New Sarepta.

Mr. and Mrs. W. Trichel and infant daughter of Calgary were visitors here at the home of Mrs. Trichel's parents, Mr. and Mrs. C. Green.

Blood Donors Clinic Asks Your Help

MORINVILLE — The Lions Club of Morinville is sponsoring a Blood Donors Clinic for the Red Cross on August 23, 1952, at Morinville from 1:00 p.m. to 3:30 p.m. Blood is urgently needed and they are urging everyone to turn

out and help this worthy cause. The committee in charge of this Clinic are Lions George Soetaert, Ed. Weigand and Ed. Vervynk and they are ready to co-operate with you to make this worthwhile cause a success.

Sewing Club Hold Pleasant Meeting

BUSBY — The Sewing Club held a very pleasant meeting at the home Mrs. Edgar Mead. All members were present and several little guests enjoyed the afternoon too.

Miss Shirley Thompson and her niece, Miss Rita Careless are holidaying at the home of Jim Thompson.

Congratulations are extended to the Busby Grain Club on winning first prize at the Westlock Fair.

Many residents of this area attended the Westlock Fair. The entries in the chariot races were all Busby district residents—Harry Smith, Jim Thompson and Eric Mirus. They also had horses in other races, too.

We are sorry to hear of the

illness of Mrs. Baird and trust she is feeling much better now. The next meeting of the Sewing Club will be held at the home of Mrs. Catherine Busenius on August 27.

A demonstration of stainless steel kitchen utensils was held at the home of Mr. and Mrs. Jack Thompson. An interesting evening was enjoyed by about twenty guests.

Mr. Ethridge, Sr., is busy building a new home. Mr. and Mrs. Ethridge lost their home by fire last February, so friends and neighbors wish them well in their new home.

Mrs. Cox has two grandsons holidaying with her. Guests at the Crago farm on Sunday were Mr. and Mrs. Louis Horz, Sylvia and Louise Marie from Evansburg and Mr. and Mrs. Jack Weir and Ralph from South Edmonton.

Mr. and Mrs. Jim Thompson and

family spent Sunday at the home of Mr. Thompson's brother at Twatinaw.

We can't help but wonder if lives wouldn't be saved through the use of parachutes on commercial airliners, and are inclined to think that in some accidents lives could have been saved with chutes.

PHONE 972-5513

Yes, Sir . . . I'm for the Alberta Wheat Pool

1. Because Alberta Pool Elevators give effective service and protection to all.
2. Because Alberta Pool Elevators are operating at cost and excess earnings are returned to member patrons. Over the years such patrons have received over \$5 million in cash and nearly \$6 million in reserves. Ownership rests with the reserves.
3. Because Alberta Wheat Pool and Pool Elevators are owned by many thousands of Alberta farmers who have invested close to \$8.5 million in this great enterprise. Pool members can safeguard this investment by delivering all their grain to Pool Elevators. A large volume of deliveries means low cost of operation.
4. Because the Wheat Pools are mainly responsible in keeping down the cost of handling grain. Such costs are remarkably low, probably the lowest in the world. This is a tribute to the effectiveness of farmer co-operation.
5. Because the business operations of the Alberta Wheat Pool are an "open book." Pool members may obtain the fullest information concerning the operations of their organization through their elected delegates and directors.
6. Because the co-operative principle of "each for all and all for each" is the co-operative ideal which aims at spreading economic justice throughout the nation and throughout the world.
7. Because it is of vital importance to Alberta grain producers that a strong co-operative elevator system should flourish in this province. It is essential that such an elevator system should be under the control of Alberta grain producers—the men who are actually following the occupation of farming.
8. Because Alberta Wheat Pool is the only organization in Alberta which meets these requirements.

LETTERS TO LOUISA

Dear Louisa,
I come from a thrifty family who always liked to pay cash for what they bought and that is the problem I have now. I married a fine man three years ago and we are very happy and get along fine about everything but his ideas on buying.
He never wants to deny himself or me anything we happen to like. He wants to buy it on time and pay as we enjoy it. Now this would put me so bad if his wishes were in reason and we could see our way clear to paying for them but that is not so in our case.
He makes a fair salary and has good prospects for advancement and at present we can afford a cheap car, a small house and ordinary clothes with which I would be very happy until we reach the stage where we can afford nice things. But not for him.
On my birthday he gave me a nice convertible and now has plans for a home we can ill afford. This means that we will not be able to put aside any money at all for a rainy day and if either of us should have an operation or he should lose his job we would lose

everything we had put into these things.
What can I do? I am most unhappy about this state of affairs but I hate to hurt his feelings.
Answer:
I read an article a few days ago in which the writer stated that people who refused to plan their lives and lived beyond their means were emotionally immature. He said that it was due to infantism and just having to have what they wanted when they wanted it. They couldn't think themselves anything.
So, while it is time for your husband to grow up emotionally, I am not sure that you can do anything about it.
Why don't you suggest budgeting your income to your husband? If he would agree to put aside so much for insurance and a savings account, you could see what you have to spend on other things without endangering your future.
LOUISA.

Dear Louisa,
I am writing this hoping it will help some one who doesn't know what to do about a mother or mother-in-law who has been left alone without funds. My mother and husband get along nicely but neither of them were anxious to live in the same home. So we added on a nice big room with a small kitchenette and bath to our house and there mother lives and both of us enjoy our privacy.
If she doesn't care to cook dinner, I will send her a tray. It is nice to know she is there when I am away and the children are at home. We help each other in many ways but we do not annoy one another.
B.N.

SEEDTIME and HARVEST
By Dr. F. J. Cronsey, Director, Live Elevator Farm Service, Winnipeg, Manitoba.

sponsored by the following companies: Federal, Alberta Pool, Pioneer, Canadian Consolidated, Peterson, McCube, Poirish & Macleod, later, C. S. Co., Independent, Elson Milling, Canada West and Quaker Oats.

Farm Safety Crusade Needed
A national crusade is urgently needed to reduce the appalling loss of human lives, the suffering and misery, and the great losses of manpower and farm income caused by farm accidents in Canada. In the Prairie Provinces particularly, accidents continue to take a toll completely out of proportion to our farming population.
"Staggering Losses, A recent report made by the Dominion Bureau of Statistics shows that the Prairie Provinces, with about one-third of Canada's farming population, has 60% of the farm accidents. This is due to the fact that farming in Western Canada is more highly mechanized and intensified than in other parts of the country. No farmer should wait until the first or another accident occurs on his own farm before he enforces safety measures. The time is now! Tomorrow may be too late!
"Think Safety, Act Safely. Here is a list of some of the types of individuals who are responsible for farm accidents:
"Hurry Harry", who never takes time to take care.
"Glambling Joe", who depends on luck, and takes wild, needless chances.
"Sloppy Sam", who never has anything in place, and disregards all safety rules.
"Hay Hazard", who is always in a hurry. He never plans ahead.
"Arsenic Al", who smokes in the barn and around inflammable barrels, and never bothers to label poisons.
Be sure and take the right attitude toward farm safety. The following slogan, which is now being widely publicized in the United States, contains the soundest advice we can give to prairie farmers:
"Adopt right attitudes toward farm safety; think safety, act safely. Make every effort to prevent accidents during the present harvest season. The responsibility is yours. Your farm is as safe as you make it."

Wheat Cutting Starts In Southern Alberta

According to the Alberta Wheat Pool crop report cutting of wheat commenced last week in Southern Alberta. As far as the rest of the province is concerned, wheat harvesting will be later. The entire crop is earlier than last year, but later than normal.
Present prospects indicate good yields of all grains in all parts of Alberta. Harvesting of rye is well advanced in the southeast and cutting of barley is fairly general. A start has been made in rye cutting elsewhere in the province and some barley will be ready during the coming week.
Growing conditions for the week ending August 9 were again favorable for crop development. Warm weather has continued, accompanied by thunder showers to light rains.
Crops have advanced rapidly and moisture in most areas is sufficient to fully mature grain. A number of points in east-central parts of the province report yields will be reduced somewhat if hot weather continues without further precipitation.
Alberta's crops should reach bumper proportions providing the weather remains favorable for the balance of the season. Generally speaking, the need is for warm dry weather to promote ripening.
Farmers are urged to take advantage of the time before harvest to build farm storage space as country elevators in many points are still holding much of last year's crops.
The harvest will be a hard one financially for farmers as the quotas have been set at five bushels for wheat and rye, and four bushels for oats and barley per seeded acre.

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, answers must be true, personal incidents. Address "Embarrassing Moments", P.O. Box 4185, South Edmonton.

One day at school, during school time, I and two other boys went into the cloakroom to get a drink of water. Suddenly I got an idea. Wanting to make the boys laugh, I took one of the girl's caps and pulled it over my eyes, then I took two brooms and pretending they were crutches I hopped around on one foot. Some one walked into the cloakroom. Thinking it was one of the boys, I made a funny face, put the brooms under my arms and looking up, pulled the cap off my eyes. Imagine my embarrassment when I discovered the new onlooker was the teacher.
Colinton, Alta. T. T.

One winter a man by the name of Mr. Jackson stayed with us. He used to call our little girl Mary Anne "Suzie." She didn't like it, so one day she came crying to me in another room and said, "Mr. Jackson always calls me Suzie," so I whispered to her, "Call him Jackie." So she yells out to him, "Jackie, Jackie, mamma told me to call you Jackie." I sure was embarrassed.
MRS. JOE HUDEC, Peardville, Alta., R.R.1.

Farmer Director Passes

The death of James Jesse Strang, age 70, occurred in Magrath on July 30th. The late Mr. Strang, homesteaded in the Claresholm district in 1904 and later moved to Magrath. He had always taken an active interest in farm organizations, and served as director of the Alberta Wheat Pool for the Claresholm District for twelve years before retiring in 1936.

LACOMBE — "The blame for the growing problem of juvenile delinquency lies squarely at the door of parents," Elmer R. Walde, Seventh-day Adventist church leader from Washington, D.C., told members attending the annual province-wide conference at Lacombe, recently.

Declaring that "there is no higher success than to raise a child to become a good citizen and a sincere Christian," Mr. Walde warned that "parental admonition will have little effect if children do not see principles of honesty, unselfishness and industry put in practice by father and mother."

Man's dream of producing a crystal brighter than a diamond has at last been realized. Out of the Science laboratory comes a gem of such sparkle and hardness that New York Times reports "It out-dazzles the diamond."

People have been denied the pleasure of wearing beautiful jewelry in spite of the fact that nature has been lavish in its bestowal of gem and exotic crystals. High prices fixed by monopolies have made the prices of these gems prohibitive to most people. Science now provides a jewel with more beauty than any gem.

"Fire" and "brilliance" are the terms of all gem and jewelry dealers at a price within the grasp of all.

The Association of American Jewellers give their evaluation of the new gem in an article by D.

The momentous research that transformed this worthless natural stone into a level of breathtaking brilliance ended with the story in 1948. Dr. C. W. Moore, Jr., was experimenting with Titanium in a furnace he had designed. He noted the intense heat. The doctor immediately tested them for hardness, brilliance and color and found them identical with the natural Titanium gemstones.

A black and white portrait of a man with dark, wavy hair, wearing a dark suit jacket, a white shirt, and a dark tie. He is looking directly at the camera with a slight smile. The background is a light, textured gray.

ELMER R. WALDE

Pastor Roland Carillil, in charge of the Lethbridge Seventh-day Adventist Church, was ordained to the gospel ministry in a service presided over by Pastor Walter A. Nelson, Oshawa, Ont., head of the church for Canada.

Farmers who have trouble raising baby pigs should be strong advocates of rural electrification. This is the opinion of Mr. Fitzpatrick, supervisor of Co-op Activities for the Alberta Government.

At a banquet in Sangudo last week held by the Paddle Valley

BANANA BREAD

One dollar for this week's orite Recipe went to Irene at Athabasca. If you have a orite Recipe you'd like to share with others, send it to R. Editor, P.O. Box 4368, St. Edmonton.

Rural Electrification Association to mark turning on of power, Mr. Fitzpatrick said a sun lamp was just the thing to keep baby pigs healthy. One farmer using this system claims he saves one pig from each litter that would likely otherwise die and the extra income from pigs alone goes a long way towards paying for the power used on his farm.

In our opinion teachers and policemen are underpaid.

SOMETHING REALLY NEW!

NOW... FOR THE FIRST TIME IN CANADA...

BRIGHTER-THAN-DIAMOND-

RAJAH 1 1/2 CARAT \$69.50

Of the science laboratory comes a crystal of such hardness and brilliance "it out-dazzles the diamond."

YOU MAY NOW HAVE this gem of pure crystalline elegance set with exquisite grace in jewels of Gold, Palladium, or Platinum, for 1/10th the price you would pay for diamonds of the same size. **HERE IS WHAT THEY SAY:**

READER'S DIGEST, October, 1940

"An amazingly beautiful gem, not quite so hard as a diamond BUT FAR MORE BRILLIANT."

UNIVERSITY OF TORONTO, April 10, 1940

"This gem has a refractive index (brilliance) appreciably above diamond." (Diamond 2.42, Tanta 2.05)

TRADER AND CANADIAN JEWELLER

"Test for permanent hardness, approximating nine years' wear by Industrial Research Laboratories. ... Its brilliance was not IN ANY WAY affected ... it remained unchanged."

THE STAR WEEKLY, February 8, 1938

"The new wonder gem of Science combines the *look* of the Mediterranean, the *fire* of the sapphire, the *spring green* of the emerald with more sparkle than diamonds."

TIME MAGAZINE, February 8, 1931

"In some respects the new Tanta Gems are better than the real thing; they surpass diamond in sparkle and 'fire'."

OFFICIAL JOURNAL OF JEWELLERS ASSOCIATION

"Its 'life' and beauty cannot be approached by the diamond for it has much more 'fire' than diamond has ever shown. Tanta is a repeated natural crystal of incomparable brilliance and 'fire'." Dr. F. W. Pough.

Brothers Meet After 27 Years

KEEPPHILLS — Mr. and Mrs. Itay Dalton had a very pleasant surprise Tuesday when Mr. Clayton Dalton, brother of Mr. Dalton from Newport, Washington, paid them a short visit. The brothers had not seen each other for twenty-seven years. He was accompanied by Mrs. Dalton's sister from Vauxhall, Alberta. They left Thursday morning to motor to other parts.

Gets Own Job

BERKELEY, Calif. — John S. Kilbuck was a researcher on dehydrated foods at the University of California Agricultural Experiment Station. Called to active duty with the Navy, Kilbuck was assigned to his same job at the University of California, doing the same thing.

COUPLE HONORED AT SURPRISE CELEBRATION

MORINVILLE — Friends and members of the Krauskopf family gathered at the Krauskopf residence last Friday evening to celebrate Mr. and Mrs. August Krauskopf's 42nd wedding anniversary. It was a double celebration as Arthur Krauskopf was celebrating his birthday.

A most enjoyable evening was had by all, especially by Mr. and Mrs. Krauskopf as the party was a complete surprise to them.

A delicious lunch was served, after which Charles, the youngest of a family of eight, presented his mother and father with a washing machine, on behalf of all the members of the family.

Mrs. J. W. Tellier underwent an operation on August 15.

Miss Annie Yakumus and Mrs. Douziche have recently returned from Europe where they attended a pilgrimage.

Mr. Henri Riedau, formerly of Morinville, died at St. Joseph's Hospital, Edmonton, after a prolonged illness. Funeral services were held at the St. Jean-Baptiste Church on Tuesday and interment was in the local cemetery.

Mrs. Raymond Riedau was a patient at the Edmonton General Hospital last week. She was suffering from a severe case of influenza.

Also returned home from hospital after a brief stay is Mrs. Wilfred Meunier.

Bill Weigand and his daughter Joan left a few days ago for Kingston, Ontario, where they will buy a new car. On their way back they will join Mrs. Weigand

at Winnipeg, where she has been visiting relatives.

A chimney fire was quickly extinguished at the home of Mr. and Mrs. Tony Rivet last Friday. Damage was slight.

Mr. and Mrs. George Skinkow are holidaying at the west coast. Edward St. Laurent, young son of Mr. and Mrs. Ernie St. Laurent, is a patient at an Edmonton hospital.

Mrs. Bill MacKay, nee Ida McDonald, is a guest of Mr. and Mrs. Louis McDorlud. She is accompanied by her daughter, Sandra, of Vancouver, B.C.

Now The Lions Want Your Children

MORINVILLE — Yes, the Lions Club want your children and you to be at their Corn Roast and Picnic on Sunday at Sandy Lake Beach. They especially want the children because they have a dandy line-up of races for them, and this is about their only chance to have a day of races, fun and frolic.

Everything is shaping up fine and if you want a good time, be sure your kiddies are all there in full force.

KNOW ABOUT

Maintain Standards of Sanitation

- Wash Dishes thoroughly.
- Wash Fruits and Vegetables.
- Cover Garbage and Waste material.
- Control Sewage — Outdoor Toilets should be dusted daily with chloride of Lime or Ashes.

POLIO!

- Polio is a communicable disease — avoid crowds, restrict children to small neighborhood groups.
- A tired child is more susceptible to the disease and if the disease develops, a greater degree of paralysis is likely to follow.
- Swimming is dangerous because it causes fatigue and is chilling.
- Watch your personal hygiene — be sure to wash your hands before eating and after using the toilet.
- Where the disease is prevalent, avoid the removal of tonsils, adenoids and teeth.
- Mild cases are best cared for at home — a trip to hospital causes fatigue and may be dangerous.

Over 80 per cent of Cases
Recover Completely

In mild cases, best results are
obtained in bed at home
